Pho Laiter on Politice and Pri McKinney's Clean Administra The Alliance Domande.

(Special telegram to the Dispatch.)
Source Bosron, Va., October 26.—Toy being October Court a large crowd
a present at Halifax Courthouse. Mr.
somas E. Cobbs, State lecturer of the
armers' Alliance, was present and adcourt-room to its full capacity. Mr. Cobbs, for the most part, confined himpell to an exhortation of Alliance principles, incidentally attacking both the Bepublican and Democratic parties.

At the conclusion of his remarks Henry B. Pollard was introduced, an made one of the most effective speeche ever delivered before a Halifax audience MR. POLLARD'S ADDRESS.

Mr. Pollard commenced by showing that in republics it is not only the peoples' privilege to exercise the elective franchise, but their duty to give all the time necessary to do so in an intelligent way. The father of his country uttered no truer saying than that "Eternal vigilence is the price of liberty," and this is but another way of expressing the maxim.

is the price of liberty," and this is but another way of expressing the maxim incorporated in the Virginia Bill of Rights, that the blessing of liberty cannot be preserved except by a frequent recurrence to fundamental principles.

Political parties are helpful if not essential to crystalizing general sentiment in favor of one, or against another set of principles or line of political policy. Without party organization and party platforms no concert of action can be attained. The no-party man is a figurehead and the third party a bull-head. Both are alike unprofitable—neither able to command respect or accomplish good. MAHONE'S STROKE.

Mr. Pollard said the present contest

was none the less important because we are not confronted by our old enemy or opponents who boldly espouse the cause of political tenets at variance with our own. It was a masterly stroke of policy on the part of Boss Mahone to give the right of way for the present to malcontents. His own decadence as a Democrat is a prophecy of the end that awaits the independent. Besides all this, there is danger of apathy and relaxation of party discipline. When Mahone came to the front and captured the State the epublican party, as now, was thorough-disorganized, if not demolished. In ach a condition well-meaning and men, impatient of nonishment of great results, are accomplishment of great results, are tempted to try their hands in state-craft, forgetting that desired ends are not attained because the opposing party control one or more of the co-ordinate branches of the government, opposed by those who believe that party organization and party discipline can alone accomplish good results, they become first estranged and finally alienated, and then ally themselves with people whose principles they do not and cannot approximately.

THE ADMINISTRATIONS.

The last six years of the Democratic administration of the State government con fearlessly challenge investigation, when compared with the preceding re-publican administration of the affairs of the State its pre-eminence is marked. In the state its pre-eminence is marked. In the single thing in which the adminis-tration of Cameron had any right to boast, the present management has ex-celled that administration. During the last five years there has been an increase of 936 public schools, in pupils an in-crease of 38,923, in value of school property \$415,828, and in annual appropriation of \$180,977. This work goes glorisus of the administration of Phil McKinney promises to be as clean and useful as that of Fitz Lee. It was and useful as that of Fitz Lee. It was are all blessing to Virginia and her sister of the second property \$415,828, and in annual appropriation of \$180,977. This work goes glorisus two weeks—twenty-six contributions of this church, eighteen delegates are entitled to go to the association from this church: Messra. F. M. class; each alternate trip not to exceed in two weeks—twenty-six delegates are entitled to go to the association from this church: Messra. F. M. Willis, E. M. Buck. Professor Noah K. Davis, Rev. John T. Randolph, Colonel Pernambuco; the remaining trips in Pernambuco; the remaining ter States of the South that two De cratic senators represented her when the force bill was being considered last winter, which fact was the result of the well-organized fight our party made in the legislative election of 1885.

IMPORTANT. The work to be done by the in-coming Legislature is of more than usual importance. First and foremost a senator is to be elected to succeed Major Daniel. Not to make him his own successor would be to reward faithfulness with in-gratitude. Again it is known that in secordance with constitutional mandates the State is to be divided into congres sional and legislative districts, county indges are to be elected, and many things of scarcely less importance are to be stended to.

ENCOURAGING SIGNS. The speaker said that one of the most encouraging signs of the times is the organization of the agricultural classes for bettering their condition.

In the matter of concerted action the farmer has been at fault. There can be no doubt that their interests. no doubt that their interests have been greatly depressed, yes, oppressed by unfriendly legislation. Their long suffering and patience, bespeak their conservatism as a class, and if they are as wise as they have been conservative, they will not now permit eratic, or self-seeking leaders to beguile them into the third party movement. If they starved together as they should, and fight their battles under the Democratic banner, there can be no doubt but relief will come from the burdoubt but relief will come from the burden of taxation that oppresses them. It is easy to see how a good Democrat may be also an Alliance man, but how an Alliance man can be a Republican is a weiled mystery. Take for instance the Alliance "demand" that the "heavy tariff tax on necessities of life be at once removed." The Grand Old Party has but lately defied, by the McKinley bill, this "demand."

"FOR REVENUE." As far as observation goes the white Republican of the South is such "for revenue," and he does not concern him-self on what it is laid. It is folly to talk self on what it is laid. It is folly to talk about Republicans training with the Alliance. If they are there it is for a purpose. Their wolfish tendencies will soon appear through the sheep's clothing, in which they are seeking to hide their real principles.

BEPUBLICAN DUPLICTTY. The duplicity of the Republican par-ty was shown. Its leaders persistently claim that the tariff on imported articles is not paid by the consumer and does in all the credit for low sugar, low inine, and other articles that followed scing these articles on the free list. The speaker closed with an earnest

plea for unity, activity, and organization OTHER SPEAKERS.

Hon, Paul C. Edmunds was called on, and he also delivered a splendid speech. He said he was proud to be a member of the Farmers' Alliance, and ploried in many of its doctrines and he was a Democratic doctrines and he was a Democrat. The day was a bright one for the Democratic party, and Halifax will make a good report of herself on November 3d by sending Thomas H. Hall and E. O. Hubbard to the Legislature.

THE POSTAL SUBSIDY ACT. Bids Therounder-From Newport News to Rio-Other Routes.

(By telegraph to the Dispatch.)
Washington, October 26.—At 3:10
this afternoon Postmaster-General Wanamaker, in the presence of several officials
of the Post-Office Department and the representatives of a number of bidders opened proposals for supplying the proposed increase in the ocean mail service, under the act of March 3, 1891. Twelve bids were received and opened, and no two of them were for the same

service.
The first bid was No. 13 of the schedule—from Newport News to Rio, Brazil, by St. Thomas, Martinique, Barbadoes, Para, Pernambuco, and Bahia; once in two weeks—twenty-six named ports; contract for five years.

The bidder was the United States and

Brazil Mail Steamship Company, the compensation asked being \$1 per mile for vessels of the third class and 66; cents per mile for vessels of the fourth class. The Postmaster-General stated that this bid seemed to vary somewhat

Other bids were: Boston and Liver-pool, New York and Central American ports, San Francisco and Central Ameri-can ports, San Francisco and Japan and China, New Orleans and Central Ameri-

China, New Orleans and Central American ports, Gelveston and Venezuela, New York and Brazil and the Argentine. New York to Venezuelan ports, New York, Cuba, and Mexico.

By the bids received to-day the time of the voyages upon the various routes is reduced in amounts varying from 10 to 30 per cent. This, of course, necessitates additional shuss and including sitates additional ships, and including the four new routes proposed for, it would seem that there must be not less than seventeen ships built at a cost of not less than \$14,000,000. If all the bids are accepted, the amount of sub-sidy required will be about one million and a half dollars, when the full service is in operation. The service under the postal shipping bill will require about sixty ships, all told, carrying the Amer-

ican flag.

The department has had knowledge of negotiations in progress for other routes, upon which bids have been deferred for various reasons—notably the New Zealand service, where the difficulty seems to be that the New Zealand authorities entertain the ides of improving the service between that country and this by making a concession to the Spreckels company, but argue that some of the vessels shall carry the New Zealand flag, which would be contrary to the strength vessels shall carry the New Zealand flag, which would be contrary to the stipula-tion of the postal subsidy bill.

The question, "Resolved, That Trial by Jury Should Be Abolished," was well argued on both sides. The first speaker on the affirmative was Mr. R. F. Leach, on the affirmative was Mr. R. F. Leach, of Maryland, who opened the debate in quite a flowery speech of fifteen minutes. He was followed by Mr. R. E. Cofer, of Texas, who opened the debate on behalf of the negative in an able argument of thirty minutes. Next was Mr. Allen, of of the negative in an able argument of thirty minutes. Next was Mr. Allen, of Virginia, who occupied about twenty-five minutes in sustaining the position taken by Mr. Leach in his opening speech and in further espousing the cause of the affirmative. Next came Mr. Hale, of Tennessee, who made a very pretty speech of twenty minutes, much of which was consumed in sarcasm. Mr. Crumpler, of Virginia, then arose to make the closing argument for the affirmative. After resenting the sarcasm which had been dealt by Mr. Hale, Mr. Crumpler submitted in a speech of about thirty-five minutes a strong argument that the "jury system" should be abolished. Mr. Kingood, of Maryland, then closed the debate in a speech of thirty-five minutes. Mr. Kingood made quite a pretty speech, and after summing up the points offered by his colleagues the question was submitted to the Decision Committee, consisting of Mr. Newman, of Virginia, Mr. Davis and Mr. Wilson, both of whom are Georgians. The committee cast their ballots without consultation. The vote of the committee stood: Affirmative, 1; negative, 2. negative, 2.

## KILLED BY A BEAR.

THE TERRIBLE FATE OF A YOUNG LADY IN MONTGOMERY COUNTY.

Miss Likens Attacked by Bruin and Horri bly Mutilated-Squeezed to Death-The Bear Shot and Killed.

(Special telegram to the Dispatch.)

LYNCHBURG, VA., October 26,-A resident of this city, a business-man, who has just returned home from a visit to Montgomery county, gives your correspondent the following particulars of the horrible death of a young lady named Likens, near Shawsville, on Friday last : A SPARCH.

Miss Likens, who resides a few miles south of Shawsville, went out to gather perries on the mountain-side near her nome about 10 o'lock in the morning She not returning by dinner-time the suspicions of the family were excited and a party was formed among the neighbors who were apprised of her absence to go and search for her. After being out some time a large bear was discovered a few miles from her home perched upon one of the lower branches of a large tree, while the outlines of a woman could be indistinctly observed on the ground.

THE BEAR KILLED. One of the party went back after rifle, and, handing it to another who was known to be a good shot, fired on Bruin, who dropped to the ground from his perch dead. On arriving at the base of the tree where the bear had been killed the body of Miss Lukens was found.

SOUREZED TO DEATH. It was terribly mutilated, and every nate victim had first been squeezed to death by the bear and then partly devoured. The deceased young lady was very highly esteemed in the neighborhood of Shawsville, also her family The funeral of the young lady occurred on Saturday last, and was largely at-

OPENING-DAY OF THE TRIAL. Feagles Pleads "Not Guilty" - Officer Rhoades Appointed Sheriff.

[Special telegram to the Dispatch.] PULASKI, VA., October 26 .- The case PULASKI, VA., October 26.—The case of the Commonwealth vs. William A. Feagles for the murder of late County-Treasurer John B. Caddall was called in the Circuit Court at Newbern about 10:30 this morning. Counsel on both sides announced their readiness to proceed to trial. On account of the near relationship of Sheriff W. J. Carper to the prisoner, that of brother-in-law, no jury had been summoned. General Walker, of counsel for the State, had not arrived. Hon. John W. Daniel was also to speak to the Democracy of the county on the issues of the day. For these several reasons Judge Bolen adjourned the court to two o'clock.

adjourned the court to two o'clock. "NOT GUILTY." In the afternoon after the prisoner had been put to plea and pleaded "not guilty," Mr. Wiser, of counsel for the State, said it was deemed proper that some other person should be appointed to perform the duties of Sheriff in this case, because of the near relationship of the Sheriff to the accused. He cited section 896 of the code which provides for the appointment of the county Coro-ner in such case. The statue is defec-tive, in that it did not provide who should take care of the jury. He said Judge Brown, of counsel for prisoner, said the defence had no response to make to this.

OFFICER RHOADES APPOINTED. There is no coroner in the county, that office being vacant. Judge Bolen then thought the motion a proper one, and appointed J. C. Rhoades, chief of police of Pulaski City, to act in the place of Sheriff Carper. He is required by the statue to give a bond of \$3,000, and did so, his sureties being James B. Caddall, brother of the murdered man, and James B. Painter, his brother-in-law, both of Pulaski. Officer Rhoades qualified by taking the oath of office which contained a provision against dueling, past and a provision against dueling, past and prospective. The court was then ad-journed to 10 o'clock to-morrow morn-

REPARATION DEMANDED OF CHILE FOR THE ATTACK ON OUR SAILORS.

EGAN ACTS.

Is the Demand a More Suggestion That Some Kind of Satisfaction Is Expected. [By Angle-American cable to the Dispatch.]

SANTIAGO DE CHILE, October 26 .- The United States Government to-day, through Minister Egan, formally deanded reparation from the Government of Chile for the attack recently made in Valparaiso upon a number of the sea-men of the United States cruiser Balti-more. The demand is no informal sugestion that the Government at Washington expects some kind of satisfaction for the killing and wounding of the Baltimore's soldiers. It is a friendly-put noification, given according to direct orders received from the State Depart-

ment at Washington, that the United States demands an immediate explanation of the whole affair and reparatio MARINE DISASTERS

Acting upon the instructions sent to him from Washington, Mr. Egan presented the Chilean Junta with a det statement of the results of the investigation made by Captain Schley, of the Baltimore, and Mr. Egan himself. These investigations had shown that Charles Riggan, one of the Baltimore's petty officers, was brutally assaulted by couraging. several Chileans while he was riding on a street-car. Riggan resisted, but was dragged from the car and murdered by a pistol-shot in the arms of his companions. Turnbull, another of the Balti-

from his injuries, received no less than eighteen stab-wounds in the back, two of them penetrating his lungs. blooded horses.

The following is a list of owners who THE MEN UNDER ARREST. After giving a full list of the Balti-

more's crew who were injured by the mob, Mr. Egan's statement called attention to the fact that thirty-five of the cruiser's crew were on the day of the riot arrested, unnecessary violence being used by the police, and that they were letsined in custody without due reason. In conclusion, Mr. Egan said that the surgeons of the United States war-ship expressed the opinion that some of the wounds inflicted upon the American sailors were bayonet wounds, and that this clearly showed that the police officers of His Highness, b. c., 2, by imp. The fil-Used-imp. Princess, owned by Valparaiso, who are armed with bayonets, took part in the attack. The Americans were without arms and practically de-

UNCLE SAM'S INDIGNATION. Mr. Egan, in presenting the Chilean Junta with this statement of the assault on the American sailors, expressed in distinct terms the feeling of great indignation in this country over the whole offhir, and especially at the brutal conluct of the police of Valparaiso in joinng with the mob in the latter's attack apon the Baltimore's seamen and drawing their bayonets and using them against the unarmed Americans. Mr. Egan also particularly called attention to the additional trutality of the police of Valparaiso in using horses to drag the

Americans to prison.

After making a brief but pointed sum mary of the facts to which he had been instructed to call attention, Minister Egan informed the representatives of the Junta that in the name of the United States he demanded reparation for the insults and injuries complained of. WHAT WILL CHILR DO ?

Now the question which arises is, What will be the action of the Chilean Government? As it appears now there seems to be no doubt that the Junta will soon make the reparation demanded. Naturally the action taken to-day by Minister Eagan is attracting the attention of the foreign ministers and of the foreigners generally who are resident in this republic. The sympathy of the American colony is entirely with Captain Schley and his blue-jackets, and they are one and all glad to receive the news made public to-day that another United States war vessel, the Boston,

had actually sailed for these waters. The Chileans try to smooth over the assault upon and imprisonment of the American sailors by classing it as a simple street row.

COLONEL JAMES M. BINFORD BURIED WITH MILITARY HONORS.

The Last of the Ill-Fated Despatch-Negro Butchered With a Cleaver-Vessels in Distress. (Correspondence of the Richmond Dispatch.)

The funeral of the late Colonel James M. Binford took place yesterday at noon from Trinity P. E. The Petersburg Grays, Suffolk Grays, Peninsula Guards of Hampton, and a de-tachment of the Huntington Rifles of Newport News, arrived early in the day and joined the fine companies of Nor-folk and Portsmouth, all except the N.
